Great War (WW I) is a historical trauma that seems I've read this book three times since I was a new 2nd Lieutenant in the US Army, and there is always something new to be found to exemplify the seemingly endless struggle of the military professional against the military bureaucrat.

The General by C.S. Forester

"No general knowledge is expressible except in abstract terms. There is nothing particularly difficult about abstractions. We use them every day of our lives and in every sort of conversation. However, the words "abstract" and "concrete" seem to trouble many persons. [How to Read a Book (1972), P. 283]"
