Rhythm, in music, the placement of sounds in time. In its most general sense, rhythm (Greek *rhythmos* , derived from *rhein* , "to flow") is an ordered alternation of contrasting elements. The notion of rhythm also occurs in other arts (e.g., poetry , painting , sculpture , and architecture) as well as in nature (e.g., biological rhythms).

rhythm | Definition, Time, & Meter | Britannica

A half note equals a quarter note triplet. A quarter note equals a eights note triplet. What it all means is simply that the duration of for e.g. whole note is twice as long as the duration of a half note. How long the duration of a whole note is depend on the tempo.
