Before a washing machine leaves our factory, we test every tiny detail and subject it to endless stress tests. Only when every one of the, roughly 1,000, components in our washing machines completely meets our high standards of quality, functionality and reliability is it ready to face its most important challenge: being used by you at home.

I've now had this wonderful washing machine for a couple of months - replacing a previous 10 year old model. I have to say it is wonderful. So quiet, quick and efficient - I'm sorry I didn't upgrade before! If anyone is hesitating about buying one - don't! It's fabulous.
