Emotion words can be very challenging for kids to learn, especially those who are on the autism spectrum, have early childhood trauma, or have attachment disorders. It can take a fair bit of repetition and explanation for emotion words to become natural for children and it can take even longer for them to begin to identify their own emotions.

### Activities to Teach Kids About Emotions

Emotional intelligence (also known as EI or EQ), describes a person's ability to recognize emotions, to understand their powerful effect, and to use that information to guide thinking and behavior.

The JabberMask is buckets of fun – and the LED lights manage to convey some real warmth and personality, which is what can be lacking when people's mouths are covered up. However, the mask would also be a beacon advertising your emotional state in a more obvious way than your actual mouth does (because, y'know, it's made of lights).
