Whether children have rights is a debate that in recent years has spilled over into all areas of public life. It has never been more topical than now as the assumed rights of parents over their children is challenged on an almost daily basis. David Archard offers the first serious and sustained philosophical examination of children

Children Rights And Childhood Ideas

Child liberationists seek for children those rights, of the first kind, which require children to act and choose for themselves. The crucial rights in question are those to vote, work, own property, choose one's guardian and make sexual choices.
