### **Consuming Ocean Island Stories Of**

Consuming Ocean Island tells the story of the land and people of Banaba, a small Pacific island, which, from 1900 to 1980, was heavily mined for phosphate, an essential ingredient in fertilizer. As mining stripped away the island's surface, the land was rendered uninhabitable, and the indigenous Banabans were relocated to Rabi Island in Fiji.

Her work complements previously published material with new information and new dimensions to the story. Parts of the book explore the author's personal, ethnic, and family history, written in a travel writer's style, as she journeys back to her ancestral home islands of Ocean Island: Tabiteuea in Kiribati, and Rabi Island in Fiji.
