This study provides a map of perceived ethical challenges that documentary filmmakers—directors and producer-directors—in the United States identify in the practice of their craft. It summarizes the results of 45 long-form interviews in which filmmakers were asked simply to describe recent ethical challenges that surfaced in their work.

### **Honest Truths: Documentary Filmmakers on Ethical ...**

Any well-produced documentary begins with research. Effective research is the foundation of any documentary — short or long-form. Research allows you to discover plot points, build your narrative, craft your story arch, and shape your film. There are many resources available for researching your documentary topic (check out this article).

### **5 Tips on How to Create a Great Short Documentary Film**

If media theorists were to agree that the concept of truth remains at the heart of contemporary debates about ethics in documentary, then perhaps we would do well to identify at least one truth about this enterprise: the perceptual structure of the visual mode of address. If anything is true about documentary, it is the role played by vision as a mediate between the real and reality.
