Dot Con is the story of what happened when James Veitch decided to play the scammers at their own game, providing a hilarious showcase of the conversations he orchestrates with online imposters. Naturally, James replies with an offer of help, ready to wire money by Western Union (it's always Western Union) safely and securely, but not before the recipient has given something in return.

At about this point in the tale, though, Cassidy leaves the narrative track and begins to push the theory that comprises his title: Dot.con, The Greatest Story Ever Sold. Cassidy's theory is that the Internet stock boom wasn't just a Ponzi scheme inadvertently created out of exuberance for a remarkable new technology.
