Orchard Book Review - Orchard CMS Up and Running D uring the past 2 evenings I've been reading an Orchard Book, called Orchard CMS Up and Running. This is the first and only book on Orchard right now so I was excited to see it on the list of available books for the O'Reilly Blogger Review Program.

Orchard Book Review Orchard CMS Up and Running

I'm setting up an Orchard CMS site and noticing that it is incredibly slow. It is running on a VPS that hosts a couple of other MVC based websites which all run fine, so the server doesn't appear to be the issue. I've read that renaming the Sample.Host.Config file to Host.Config should fix the issue.
