The Suicidal Mind

Those who desire suicide often believe that they have become such a burden on others, everyone will be better off if they are not around. In other words, in the mind of the suicidal person, they are practicing ultimate selflessness. When we combine this emotionally painful experience of being a burden with isolation, suicidal despair often results.

Understanding the Suicidal Mind | Expert Commentary | IRMI.com

Suicidal feelings can mean having abstract thoughts about ending your life or feeling that people would be better off without you. Or it can mean thinking about methods of suicide or making clear plans to take your own life. If you are feeling suicidal, you might be scared or confused by these feelings. You may find the feelings overwhelming.
