## **Workshop : Writing Urban History - Pratyush Shankar**

Writing Urban History for the Twentieth-century City 575 In recent years, the study of urban history has focused increasingly on such cultural and political concerns, notably showing renewed interest in urban administration and municipal reform, or in the cultural and psychological effects of urbanisation at the turn of the twentieth century.

## **Writing Urban History for the Twentieth-Century City**

Urban history is a field of history that examines the historical nature of cities and towns, and the process of urbanization. The approach is often multidisciplinary, crossing boundaries into fields like social history, architectural history, urban sociology, urban geography, business history, and archaeology. Urbanization and industrialization were popular themes for 20th-century historians, often tied to an implicit model of modernization, or the transformation of rural traditional societies.

## **Urban history - Wikipedia**

Writing – a system of graphic marks representing the units of a specific language – has been invented independently in the Near East, China and Mesoamerica. The cuneiform script, created in Mesopotamia, present-day Iraq, ca. 3200 BC, was first. It is also the only writing system which can be traced to its earliest prehistoric origin.
