Those other letters are for other reasons , they might be set differently on a different engine that uses that same sprocket i think or maybe some other engineering purpose.

need help timing mazda 2.0fe, DISCUSSION FORUM

The timing belt is commonly found in cars and SUVs with smaller displacement engines. When an engine has a larger bore and stroke, most automotive manufacturers utilize a timing chain system that replaces the rubber belt with a metal chain. Generally, timing chains last longer than timing belts, with some rated to last the lifetime of the car.
